Minutes of meeting for March 17, 2008

Commissioners present: Roger Bisbee, Tim McQueston, Steve Snow, Andy Soles, Neal Anderson, Jim Locke
Visitors: Tom Masters

Chairman Bisbee called the meeting to order at 7:03

Discussion:

- Tom Masters appeared to initiate his request to have the Town to accept Deer Haven Drive as a Town road. Masters provided as-built drawings of the road and infrastructure, plus a legal description of the road and one of the two retention basins. Legal description of the second retention basin not provided at this meeting. The Board asked Masters to provide a written request, but will move ahead with talking to Bill Turner, etc., to move the matter forward. Roger Bisbee will ask Bill Turner for a written opinion of the road and built infrastructure. Roger will also ask Bill for a copy of the Record Plan, or, failing that, request one from Masters.
- The Board considered an April 21 public meeting to get feedback on the ARCH regulations. Andy Soles will ask Pioneer Valley Planning Commission for guidance, and to see if someone from PVPC may be able to attend the 4/21 meeting.
- Andy Soles will diagram yield plan examples for our next Board meeting.
- Reviewed and accepted minutes of March 3, 2008.

Note: Next PB meeting 4/7/2008

Adjourned 7:59 PM

Respectfully submitted,
