Meeting Minutes – September 22, 2016 – Williamsburg Town Hall

The meeting was called to order at 7:00 p.m. by Acting Chair, Joe Rogers

Commissioners present: Andrew MacLachlan

Members of the public present: Ron Levigne, Larry Holmberg – consultants

Commissioners reviewed Preliminary Plan of River Bank Location submittal dated 9/22/16 by Holmberg and Howe on behalf of David Nehring and Susan Fortgang of 16 Walpole Rd. Plan shows land under previous ownership by Western Mass Electric Co. Also discussed invasive species eradication as part of a larger plan for pending agricultural activities. Restoration work continues and is to be complete in November.

Commissioners reviewed NOI regarding upgrade and repair to septic system at 2 Cleary Rd. by property owners Steve and Susan Snow. Given the status of the surrounding land in question as buffer zone (vs. riverfront area), filing is to be modified by owners.

Following site visit of September 6th and letter from Commission dated September 15th, consultant Robert Levesque responded per letter dated September 21st regarding end-of-project issues at 142 Main St. He notes corrections and deficiencies to be addressed prior to receiving the Certificate of Compliance, as well as documenting the performance of the installed storm water system and associated site improvements. An as-built plan and compliance memo will be submitted.

Meeting was adjourned at 8:15. Minutes will be reviewed at next meeting October 13th.

Respectfully submitted,
Linda Babcock
Secretary - Williamsburg Conservation Commission
