- Chair Bisbee called the meeting to order at 6:35 PM.
- The draft PB recommendations to the ZBA for the proposed solar array project at 5 and 5R Hatfield St were reviewed with comments incorporated from the previous meeting. It was moved by O'Neil and seconded by Snow to approve the recommendations. Motion passed. The document was accepted for use at the July 9 joint PB and ZBA meeting to follow.
- The new solar array application for a site at 10 River Rd has been reviewed by PB members for completeness of the application. Smith moved and Snow seconded to consider the application complete, with the following two missing items. One is the 3-l electrical diagram, and the second is a set of photorealistic visualizations for the view of the site when complete. The timeline for review has therefore started, with 65 days taking us until Sep 12, 2019.
- The meeting adjourned at 7:03 PM. The next scheduled meeting will be Jul 29 at 7:00.

Respectfully submitted,
Jean O'Neil
