Meeting Called to Order at 7:03 pm

1. Auto Dialer at Pump House-The chemical reports that are due each month are changing. The electrician was at the pump house trying to reprogram the parameters on the re-dialer. The buttons are sticky. The system has never been upgraded and is from 1994. The electrician suggests an upgrade of the auto-dialer system. The modern system will upgrade the technology needed. A quote was given of \$6500. to replace the system. Motion made (dh) and seconded (jh) to upgrade the system with a new auto dialer not to exceed \$7000. There was discussion of the new chemical reporting changes and what the town's chemical levels have been. Discussed cleaning the screens and developing the wells.
2. Northampton Sewer Regulations-(jh) suggested reassessing the Capital Plan. Rates will need to increase to accomplish the work on the Capital Plan. Sewer rates will likely rise more than water rates. A public hearing may need to be called. (wt) has questions about the sewer regulations and has tried to reach the City of Northampton but has not received a return call. Commission may possibly vote on adopting Northampton's Sewer Regulations at the next meeting. Commission discussed asking for a waiver on the total flow limit surcharge possibly for five years as the town is addressing I & I issues.
3. Grease trap regulations need to be addressed.
4. Next meeting will be 11/27/18 at 6:00 pm.

Motion made (jh) and seconded (dh) to adjourn the meeting. Motion so voted.

Respectively submitted,
Brenda Lessard, Secretary
Clerk: _____

William Turner

James Hyslip

Eric Cerreta

Don Hultman
